PROFILE

I am skilled at HTML and CSS, Javascript and Angular, Python and its frameworks(Django and Flask). I got some experience with the software development life cycle. From designing, building, testing and deployment. I am also a skilled football player. My goal is to become a Data Scientist in the near future.

EDUCATION

Certificate, Computer Programming and Software Development, Moringa School
Nairobi, Kenya

Moringa School is a Software Development bootcamp. At Moringa School, I learnt HTML, CSS, JAVASCRIPT and PYTHON. Frameworks like Angular, Flask and Django. Postgresql as the Object Oriented database system.

Highschool Diploma, Katelembo C.O.E High School
Machakos, Kenya

Mean Grade C

Primary Education, Our Lady of Nazareth Primary School
Nairobi, Kenya

8 years in OLN. This is where i first encountered a computer. OLN introduced me to Microsoft Word, Excel and Power point.

ACHIEVEMENTS

The Neighbourhood
A web application using Django and PostgreSQL. That allows its users to register, login, join a neighborhood. The user is able to post and see posts from other users.

https://binmtaani.herokuapp.com/

Gallery
Its a gallery on the web. Its content can only be updated by the admin (super_user). Built using Django and PostgreSQL

https://photobinu.herokuapp.com/

News API
A web app that consumes a News API. It was built using Flask.

https://new-binamin.herokuapp.com/

Food recipe
An app that consumes a recipe API to get recipes according to what users have in their store. It was a collaboration using Github

https://food--mood.herokuapp.com/
